

Rosary High School Online Magazine Sale Instructional Page

Parents and Students,

Our Online Magazine Sales are growing dramatically each year to help our school raise funds. Over the past three years, we have grown from \$500 to \$28,000 to \$52,000 in online sales. Parents who have used this method tell us that this is the easiest way to achieve the quota minimum of \$150 in sales and to surpass the target of \$225. Thank you for looking at this method of making your purchases. (Of course, you can still order from the catalog, which will be arriving home following our kickoff assembly on Thursday, August 28th.) Purchases made online save time for our volunteers as internet orders are processed with little effort on our part. In addition, online orders tend to be several times more accurate with regard to correct addresses and magazine code number clarity. Try online sales. We think that you will like it!

You may start your purchasing and selling now. Every magazine sold online beginning today will be counted for sales and prize credit for your daughter. Magazines sold between July 1st and our first turn-in day following our kickoff assembly will count for 1st day prizes. Online sales arriving before each subsequent turn-in day will count for prizes on that following turn-in day. **Note: The daily cutoff for prize credit online is 6AM on the morning of any prize day.** Online sales arriving after the sale ends will not count towards prizes, but will count towards quota requirements.

Your daughter can now start qualifying for prizes through this “early bird” selling period. Families who used the suggested sales plan below found selling magazines easier and generally sold more than anyone else with less effort. Here are some important tips:

- When you enter the site, you will be asked for a school number. Our number is **425000596**
- Please **register**. Registration makes it clear when assigning prize and sales credit to a particular student.
- **Sending e-mails** to family friends and relatives through QSP's secure site has proven to be the easiest way to increase sales. A personalized e-mail is sent to the recipients that you designate and puts them into our school's selling site. If you registered, all sales made by anyone to whom you sent the e-mail will count as prize and sales credit for your daughter.
- And, don't forget, you can **shop** in this site. Again, your purchases are assigned to your daughter for prize and sales credit.

Finally, we are announcing a new contest: Top **Online Summer Sellers!** Several Top Online Summer Sellers will be recognized at our kickoff assembly and will spin the money wheel twice. These Top Summer Sellers will win a minimum of \$10 and can win as much as \$500!

Now, Click on this link to take you to our magazine selling site. We hope that you enjoy your experience!
