

NEW RULE

IMMUNIZATION UPDATE BEFORE SCHOOL

Congratulations on your daughter's acceptance to Rosary!

A new state law requires that students get a Whooping Cough booster shot, called Tdap, before starting the 2011-2012 school year. Under the law, students who have not received this booster shot prior to the beginning of the school year will not be allowed to start school.

Currently we are requiring that all incoming freshmen and transfer students receive this booster. We encourage you to contact your child's doctor now to schedule an immunization appointment to avoid the rush just prior to the start of the school year.

The new immunization requirement is intended to reduce the spread of Pertussis, also known as Whooping Cough, in California.

Please turn in proof of the Tdap booster no later than July 22nd, 2011. Further information may be found at www.ShotsForSchool.org.

Please feel free to contact us should you have any questions. We look forward to seeing you soon!
